**THE
CONNEAUT LAKE
COMMUNITY
DEVELOPMENT COMMITTEE**

Conneaut Lake was once upon a time, a very popular resort and an envied destination for many vacationers. Many big name orchestras and entertainers have set foot on our soil and entertained in grand fashion. In order for the town to regain this billing, we must envision and bring to fruition some change in the appearance of our town and its infrastructure.

Working in conjunction with:
**Conneaut Lake Borough Council
Crawford County Planner's Office
Crawford County Visitor's Bureau**

Our committee was formed in October 2005 for the purpose of promoting change for the better and to envision a more vibrant Conneaut Lake.

The project scope adopted is as follows:

REMOVAL OF OVERHEAD UTILITY WIRES

DECORATIVE STREET LIGHTING

REPLACEMENT OF TRAFFIC SIGNALS

NEW CURBS AND SIDEWALKS

STREETSCAPE AND BEAUTIFICATION

ECONOMIC DEVELOPMENT

The committee has worked to put our vision for improvements into place that will work within the geography and structures existing today.

Plans are to obtain the majority of the funding through grants.

A Vision for OUR TOWN

HOW YOU CAN HELP...

Although we will be diligently working to obtain the necessary funds for our streetscape projects through grant sources, working funds are also needed for operating expenses and matching requirements.
